2. POINT SCORES

In 2017/2018, two (2) separate point scores will be in operation; Age Pennants and the Treloar Shield.

1. Age Pennants

- 1.1.1 Three age pennants will be offered throughout the 2017/2018 Treloar Shield; in the form of Open, Junior and Masters. There is no overall pennant winner but rather a junior pennant recipient, an open pennant recipient and a master's pennant recipient.
- 1.1.2 The open pennant is for athletes competing in Open Competition. For point scoring purposes, the open category is athletes aged 20-29. The junior pennant is for athletes competing in the Under 20, Under 18, Under 16 and Under 14 age groups. The master's pennant will be for athletes competing in the 30-39, 40-49, 50-59 and 60+ age groups. Athletes may compete out of their natural age group (up an age group for juniors, or down an age group for master's athletes) and will score points in the age group of the event selected. i.e. an U18 athlete competing in U20 would score points in the U20 age group. Any change of age group must be provided to the Athlete check in area prior to the commencement of the event.
- 1.1.3 Each week, the points scored in each age group, by each club, across all venues, male and female, will be added together to yield the weekly point score for each pennant. At the completion of the series, the club with the most points will be the winner.
- 1.1.4 Points will be awarded for places 1st through to 20th in each of the nine (9) age groups (U14, U16, U18, U20, Open, 30-39, 40-49, 50-59 and 60+) as indicated in the table below.
- 1.1.5 There is no limit on the number of athletes or relay teams which may score event points for a Club.
- 1.1.6 The 5000m walk will only be scored in the U20, Open and 30-39 and 40-49 age groups. The 3000m walk will be scored in the Under 14, Under 16, Under 18, 50-59 and 60+ age group. The 1500m walk will only be scored in the Under 14 age group.
- 1.1.7 The 90m and 80m hurdles are only available for males U14 or 70+, and for females U16 and 40+.
- 1.1.8 Relays will only be scored in the Open age group.

The point score system works as follows:

Place	Points
1	30
2	24
3	20
4	17
5	16
6	15
7	14
8	13
9	12
10	11
11	10
12	9
13	8
14	7
15	6
16	5
17	4
18	3
19	2
20	1

2. Treloar Shield

- 2.1.1 Point scoring for the Treloar Shield will be based on the place achieved by the club after each competition round. The competition round place is determined by the total point score from each age pennant category, adjusted to give equal weighting to each category being scored (Open pennant points (with 1 scoring age group) are multiplied by 4, Master's and Junior pennant points (with 4 scoring age groups) are multiplied by 1.
- 2.1.2 **Treloar Shield Points** will be allocated after each competition round. The club who has the most points from the round is ranked 1st and thus awarded 1 Treloar Shield Point, the club who is ranked 2nd from the weekly point score is awarded 2 Treloar Shield Points and so on. If Clubs have equal scores for a round, they will both get the Treloar Shield Points for that place.
- 2.1.3 The team with the fewest Treloar Shield Points accumulated will be the winner of the Treloar Shield for the 2017/2018 season.
- 2.1.4 A Club which does not compete at any given round is allocated last place plus 2 Treloar Shield Points.
- 2.1.5 In the event of a tie in the Treloar Shield Points for the top three (3) places at the end of the season, the tie will be resolved by using the total of the point scores from all rounds. Ties for other places will remain.
